

BURHAN ALI

Personal Information:

Contact	0346-6675232
Nationality	Pakistan
Email	burhanali0145@gmail.com
LinkedIn	www.linkedin.com/in/burhanali232

Objective Strength:

Passionate about AI development, seeking opportunities to apply theoretical knowledge and hands-on skills in machine learning, deep learning, and data science to contribute to innovative AI projects.

Core Strengths:

AI development

Create a chatbot using framework, Streamlit, etc .

Chatbot

Create a Chatbot using Dialog flow and connect with Dialog Flow Phone Gateway, Website frontend, Messenger and other platform

Key Strengths:

AI | ML Concept

I have a basic knowledge related to Artificial Intelligence and Machine Learning according to teaching.

CorelDraw

Make a design on CorelDraw.

Basic knowledge

I'm expert in basic knowledge related to computer

Manage

Manage the Rescue Scout 2024. Which boy enrolled in Rescue Scout 2024

Academic Profile:

Bachelor's Degree in Computer Science (2021-25)

University of Sahiwal, Punjab, Pakistan

Intermediate of Computer Science (2019-21)

Aspire Group of College

Computer Application (05-Apr-2019 to 15-Jul-2019)

Abdul Wahab Tarkait College of Technology and Science

Academics Projects:

Role: Self Project

Chatbot Using Lang chain: Developed a chatbot using Lang chain, hugging face and FIASS

Role: Team Leader

Chatbot Using Dialog flow: Developed a chatbot on Are restaurant using Dialog flow, Tailwind CSS. Which can connect to Dialog Flow Phone Gateway Website layout.

Role: Team Leader

Chatbot Using HTML, CSS, JS: Developed a chatbot on basic about Class.

Role: Team Leader

Mange the Rescue Scout 2024. Which boy enrolled in Rescue Scout 2024

Role: Team member

My group present the history on Gillete. My role in Group introduction the Gillete

Role: Team Leader

Make a database on shoes store. My role to explain the ER diagram and make the database in SQL

Role: Individual Project

Make a project on Are restaurants seller store registration form using java swing with SQL workbench

Role: Individual Project

Make a project on IOT-based elder fall detection System

Extracurricular activities

- Start a project on University of Sahiwal Student query chatbot using Frameworks
- Explore Ai tool
 - I explore the basic concept of AI, ML and DL
- Sports

- Work on Pandas & numpy library in Python
- Work on GPT development

I create a GPT which name is BURHAN_GPT.i made with streamlet, Lang chain, hugging face and openai

- Work on GPT for class

I want to create GPT for class which purpose contain all class notes, Quiz, assignment and all necessary data for class. The student may ask any query about this type from my GPT

- Work on final year projects
 - I am work on to make a model using CNN based to detect the early stage cancer also detect the pulse using sensor based

Skills:

- CSS
- HTML
- Chatbot using Dialog flow
- Microsoft Office (Word, Excel, Power point)
- Python for Artificial intelligence
- CorelDraw
- IN page
- Bootstrap
- Numpy library
- Tail block CSS
- Pandas' library

Work Experience:

6 moth teaching

Achievement:

This is achievement in my class.my marks in math class 9th is 25. But next 10th,11th&12th my highest marks in our class. I'm a topper in math during 2018-2021.

Publication:

No publication
